The My Passport SSD is portable storage with blazing-fast transfers. It's small enough to fit in your palm with up to 2TB capacity to hold tons of content. Password protection with hardware encryption helps keep your content secure. Easy to use, the My Passport SSD is shock-resistant, compact storage in a cool, durable design.
Product Features

Transfer Files Blazing Fast
The My Passport SSD is the fastest My Passport drive to date with speeds up to 540MB/s* using the USB Type-C port to rapidly transfer data. Its blazing-fast speed also gives great performance to help run virtual machines on your computer.

Password Protection with Hardware Encryption
Store growing content on the My Passport SSD to alleviate limited internal storage space. Set a password to help keep it protected with built-in 256-bit AES Hardware Encryption with WD Security software.

Cutting-edge Compatibility Technology
Built for Mac or PC, the My Passport SSD is compatible with USB Type-C and USB Type-A ports. It’s USB Type-C ready to reach speeds up to 540MB/s*. Also, USB 3.1 Gen 2-ready, and USB 3.0, USB 2.0 and USB-A compatible.

Trusted Drive Built with WD Reliability
Built to withstand a drop of up to 6.5 feet (1.98 meters), My Passport SSD is engineered from the ground up by Western Digital. This trusted drive is quality inside and out.

Social Media and Cloud Storage Import
Included WD Discovery™ software connects to popular social media and cloud storage services, like Facebook, Instagram, Dropbox, and Google Drive™. Import your photos, videos and docs to the My Passport Ultra drive to help preserve your online life.
